

# 2023 Supported Employment Leadership Series

**January through November 2023 (13 days - flexible)**  
**Louisville • U of L ShelbyHurst Campus**

## Series Schedule

13 days of high quality supported employment professional development provide the foundation for the SE Leadership Series:

**Part 1** - 1/31 - 2/2 — SRV as a Theory of Practice for Developing High Quality SE Services

**Part 2** - 2/28 - 3/3 — MG&A Systematic Instruction Gateway (note: 4-day event)

**Part 3** - 6/20 - 6/22 — MG&A Discovery Gateway

**Part 4** - 11/14 - 11/16 — MG&A Job Development Gateway

## Flexible Participation

**13 days not required** - Sequential participation in all 4 leadership events is highly recommended. However, for some, participation in all 13 days may not be possible. Therefore, participants may select any combination of the 4 events. (Check event descriptions for prerequisite requirements and recommendations.) Because the same schedule will be offered annually, it will be possible, for example, to participate in Parts 1 and 2 in 2023, and then Parts 3 and 4 in 2024.

**Three certifications will be offered** - We're continuing our arrangement with Marc Gold & Associates by offering three certifications: 1-Systematic Instruction, 2-Discovery, and 3-Job Development. Each of the 3 certifications will require: • attending a 3-day "Gateway Event," • completing an application/agreement, • paying an additional fee, • inviting and involving a learning partner, • watching supplemental webinars, and • working with the assigned mentor to complete required assignments within the 20-week time frame.
